Errata

The following articles are enclosed as loose leaf papers in their final corrected forms and are substitutions for the original articles which appeared in their respective issues cited below. The publisher wishes to apologise for any inconvenience this may cause to readers of the journal.

Vol. 38, No. 13, pp. 1961–1966, Michelle L. Bieber, James M. Kraft and John S. Werner, “Effects of known variations in photopigments on L/M cone ratios estimated from luminous efficiency functions”.

Vol. 38, No. 14, pp. 2155–2179, Jaap A. Beintema and A.V. van den Berg, “Heading detection using motion templates and eye velocity gain fields”.

Vol. 38, No. 14, pp. 2181–2191, P.L. Cornelissen, P.C. Hansen, I.D. Gilchrist, F. Cormack, J. Essex and C. Frankish, “Coherent motion detection and letter position encoding”.

Vol. 38, No. 15–16, pp. 2507–2519, Zili Liu and Daniel Kersten, “2D observers for human 3D object recognition?”
